If no player from a team has arrived by 8:30pm the team may be penalised by having a 5-0 (65-0) result awarded to their opposition.

5. The League Secretary accepts no responsibility for non-receipt of eScorecards.

6. SUBSTITUTIONS

1. Teams in a higher division may draw players from their club's teams in lower divisions for two matches only (subject to paragraph 4 below). A third match with a specific team will result in that player or players remaining in that specific team and its division for the remaining matches of the season.
2. No player can play for more than one team in the same division.
3. There may be no downwards movement of players e.g. from a team in division 1 to a team in division 2 after an individual has played in more than two matches in a higher team (subject to paragraph 4 below).

7. PE RULES

The rules of play are as published in the Official International Rules of the Game of Pétanque as adopted by PE on 1st December 2017 and as amended from time to time. **With the exception to articles 5 and 9, where for matches played in the Kent Pétanque League, all string lines are dead ball lines.**

Consistent with PE rules no smoking is allowed on the piste using either tobacco or electronic cigarettes.

ADMINISTRATION & FORMAT

1. Entry to the Kent League will only be accepted if the clubs fully conform to the Constitution & Rules.
Any team which does not fully conform to this rule will not be accepted and may forfeit their entry fee.
2. The league shall be formed into divisions of 10 teams whenever possible. Each team must consist of a minimum of six licensed players.
3. The league will run from April until September approximately (dependent on the number of teams taking part).
4. The league is run on a home and away basis interspersed by the cup and plate competitions.
5. Each match consists of five games, two triples and three doubles.
Up to 8 players may take part in each match. For each match, a player may play only in one triple. For each match, a player may play only in one double.

For league matches, the home side will decide on whether to play triple first or doubles first.

For cup and plate matches the triples will always be played first.

The home side will nominate their players for the first round of games either triples or doubles and the pitches they will use, the away side will match up to this.

Before the second round of games the home side will again nominate their players and the pitches they will use, the away side will match up to this.

Result is in games played as now, and points for and against as now. Just 5 games, not 4.

(For clarification if the selected players for a doubles game are available before one of the triples is finished, then to help with time management a doubles game can commence.)

In order to assist with time management, any home team which has the facility to play the three doubles games simultaneously should do so upon the request of the away team. For the avoidance of doubt, this will apply when one match is being played at any venue with three or more pitches; two matches are being played at a venue with six or more pitches; three matches are being played at a venue with nine or more pitches and so on. Any home team that fails to comply with this request will be penalised by having the third doubles game awarded 13-0 against them by the League Officers.

6. At the end of each season two teams will automatically be promoted and relegated from each division (subject to any variation in team numbers). The placing's will be decided by:

1. Games won
2. Points difference
3. Points for

If, at the end of the season, teams in contention for promotion or relegation are still equal after the above then the administrators will arrange a play off between the two teams.

7. Eight individual trophies will be presented to the winners and runners up in each division, in the knockout cup and in the plate competitions. In addition the winners shall also receive a trophy that will be held for a year. These "main" trophies must be returned to the Secretary before the presentation each year.
8. Any query with the Secretary should be put in writing, preferably by e- mail. In the event of any phone calls being necessary these should be made between the hours of 9.00am and 8.00pm.
